Our students really enjoyed the Tabloid Sports today!

Together we will develop a thriving community of creative, respectful and resilient learners who strive for physical, social and intellectual growth.

Acting Principal: Mrs Andrea Hall

45 High Street, Eildon 3713

Phone: 03 5774 2074

STUDENTS OF THE WEEK

				
JUNIORS Corbyn	JUNIORS Noah	MIDDLES Heath	SMIDDLES Tristan	SMIDDLES Alexis
Corbyn has shown the school value of Altruism by explaining to others how much each shoe weighs! Great work Corbyn!	Noah has shown the school value of Altruism by creating some great writing and enthusiastically sharing it with others. Great work Noah!	Heath has completed some excellent work this week, especially during dictation and in his Explanation writing of "Why we need insects". Keep it up, Heath!	Tristan put in great effort to his work this week, especially shown by his excellent improvement in his Lexile score, increasing it by more than 200! Keep it up, Tristan!	Alexis worked excellently this week to complete a writing piece about the life cycle of butterflies. She included lots of factual information and organised her work well with sub-headings. Well done, Alexis!

	
INDONESIAN Logan	ART AWARD Scarlett
Logan thoroughly enjoyed the first AFL Clinic at school today. He participated with a big smile on his face and worked cooperatively with everyone. You were a great little hand baller! <i>Keep it up Logan!</i>	Scarlett sketched a very realistic Christmas Beetle, taking careful note of shape, pattern and colour. Well done, Scarlett! <i>Keep it up!</i>

Acting Principal's Report Term 2 week 4

Cross Country was a great day had by all. All students performed well on the day trying their best and hosting other school in the Cathedral Cluster. A big thank you to all the parent helpers who either marshalled along the course or worked at the Parents Club stall providing lunches to hungry runners and cheering parents! Without your efforts the day could not have run as smoothly. Parents Club raised close to \$1000 on the day.

Congratulations to Levi Campbell and Brayden Glascott who will be racing at the Division Cross Country held in Yea on the 26th May.

Coming up on the 23rd May is our Minibeasts incursion. Our theme of Tiny Things will get up close as students learn more about the amazing little creatures that roam in our backyards! There will be no cost for this incursion.

SRC raised \$85 with Foodie Day will be donated to Foodbank Victoria.

Today students enjoyed the Tabloid Sports that Mrs Lyttle helped to organise. Activities that encouraged cooperation and teamwork to move everyone across the line looked fantastic!

As the mornings are getting cooler it's important to remember to dress warmly for the mornings. Bring a jumper or extra jacket helps keep students warm when they are outside and keeping warm helps to avoid illness. The School has new winter jackets for sale from the office to give an extra layer of warmth on the cold days.

It's great to see Altruism being practised daily in the classrooms and the playground as students are genuinely interested in helping one another and making the place better for all.

Enjoy your week,

Andrea Hall

Kindergarten Report

Wednesday 17th May 2023

The children took a great deal of pride in creating something special for their Mum's for Mother's Day. We made special salt dough, rolled it out and made love heart shapes which were later baked and decorated. We hope our Mum's had a great day and enjoyed their special gifts that were made with a lot of love.

Bush Kinder will take place during term 2, the children have already been for a walk to see the sight that we will visit regularly during the term.

Bush Kinder promotes outdoor play, getting our children moving and awaking all the senses as children feel happy outside. This engagement boosts immunity and resilience, promotes creativity and fosters respect and connection to the environment.

As an introduction to Bush Kinder we had a camp fire at Kinder. The children were excited to toast some marshmallows, whilst also learning about the uses of fire and safety we have around the fire.

New magnetics arrived at the centre which sparked great interest (Construction) and the children worked together to create some amazing structures.

Please remember to test children at the beginning of the week as we have had families effected by recent covid cases, we have also had a case of hands, foot and mouth.

Cheers
Megan and
Kass
